## Have Fun with These Spring Activities

It's getting warmer, and that means you'll be spending more time playing outdoors. You can still even some money or work on skills that will help you earn in the future!

1. **Start a garden.** The best time to plant seeds outside is after the last frost of winter. You can plant herbs, fruits and vegetables that you can use for cooking later in the year!
2. **Clean out your room.** Have you ever heard of "spring cleaning"? Spring is a great time to wipe the dust off all your things and freshen up your space.
3. **Visit a garage sale.** Many people set out their old things for sale so they have more room in their house. You can find all sorts of treasures, and it will cost very little money!
4. **Organize your own garage sale.** In order to make room for new things in your life this year, you should clear out some of the old things. What's taking up space that you don't use anymore?
5. **Donate your old things.** Some people aren't lucky enough to be able to go buy new things. If you're done with some things, such as clothes or toys, and they're still good, you can donate them to someone else who will enjoy them!

## Start a Club With Your Friends!

When you're interested in something and other people are too, you can all do that activity together and share what you know! When you do, it's called a club. When you organize a club, you let other people know about what your group likes so they can join if they have similar interests. It's a great way to meet new friends! Here are some ideas for clubs you can start:

- **A sports fan club:** If you like watching sports and keeping track of teams, you're not alone! You can guess who will win the next game and talk about your favorite players.
- **An art club:** You can talk about your favorite artists or pieces, and you can also learn how to make art! You and your friends can combine different kinds of art, such as painting and collage, to create something new.
- **A book club:** Everyone agrees on a book and then reads a chapter every week. When you meet, you talk about what happened in the story. What do you think will happen next?
- **A music club:** Have your friends bring their favorite artists' music to a meeting. What genres do you and your friends like most?
- **An adventurers' club:** Go on hikes and expeditions together! Explore the great outdoors and learn about wildlife.
- **A computer club:** Computers are becoming more and more important all the time. You and your friends can group together to learn about programming and networks. You'll definitely be glad you did!

### Did You Know?

As a member of the Early Bird Savings Club, every time you visit and deposit \$5 or more, you get a prize? Also, you'll earn one Eagle Buck for every \$10 in deposits you make. You can save your Eagle Bucks and buy cool stuff, like movie tickets and even a MasterCard® Gift Card!

At UNITED SA, we want to help you save and make it fun at the same time.

Stop by and see us soon!
